

65th Anniversary JPMA Award

We were conferred the JPMA Award for products produced at JPMA member overseas plants as an event to the 65th anniversary of JPMA.

All products satisfy customer requirements and have high technology and quality.

Title

Development of metallic interconnector for SOFC(Solid Oxide Fuel Cell) stack

Company name

Porite TAIWAN CO.,LTD.

Material

Cr base

Density

6.6g/cm³ MIN

Title

Brazing connected CARRIER using molten copper material and induction hardening

Company name

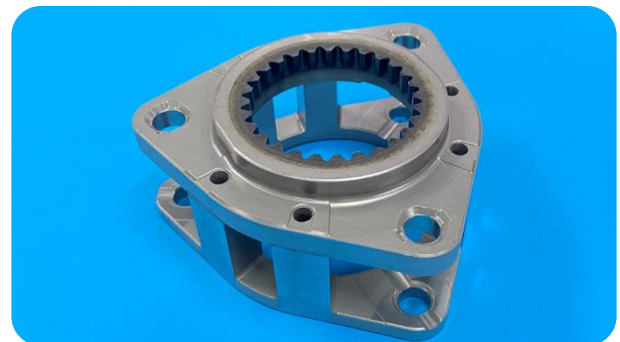

Sumitomo Electric Sintered Components(T)
Co.,Ltd.

Material

Fe-Cu-C

Density

6.6g/cm³ MIN

Title

Achievement of the same quality at three overseas bases of sinter-brazing planetary carriers

Company name

SUMIDEN POWDER METALLURGY (WUXI)
CO.,LTD.

Material

Fe-Cu-C

Density

6.95g/cm³ MIN

JAPAN POWDER METALLURGY ASSOCIATION

MatsudaShoji Bldg.

3-42-7, Taito, Taito-ku, Tokyo 110-0016
